Dear Principal/

I have now got a fair chance of writing you this letter. I hope that, you also will be very glad to receive such a letter from me in Ghana the capital town of Accra.

Mean while, I have been your admirer and such wished very much to get your address. Luckily (sic), I came across it in a certain magazine hence I resolved to write you.

The main reason of writing you this letter is that, I have been all the time searching for pen-pals in Arkansas especially in Little Rock Central High School.

Therefore dear Principal. I would be very much obliged if you would be kind enough to give out my name and address to your students for pen-pal correspondent.

I am a young African boy of 18 yrs of age, with black hair, dark brown eyes and copper coloured skin. My height is 5'5". My hobbies are:- Rock 'N' Roll, Boxing, Sports (curly "and" symbol) Movies.

I would be very much obliged for any consideration you may show to this my humble and urgently letter.

Compliments to you all.

I remain,

Yours (signature illegible)
