

Photographs E8

PROCEDURE

Hand out the student assignment sheet and have students complete it.

OPTIONAL ACTIVITY

Make a transparency of Photo 1. Project the image onto a classroom wall or screen so that the people pictured are life-sized. Ask for student volunteers to choose a person in the photo. Have the volunteers walk in front of that person's projected image and "freeze." When you say "action" the people in the photo come alive and carry on an important conversation.
